Darlington regional screening registration

The South Carolina Public Employee Benefit Authority is sponsoring a regional preventive worksite screening on **Friday, November 13, 2020, at the Darlington County School District's Administrative Building, 120 East Smith Avenue.**

This screening, a $300 value in many healthcare settings, is offered at **no cost** to employees, retirees, COBRA subscribers and covered spouses whose primary insurance coverage is the State Health Plan (Standard or Savings Plan). Within three weeks after your screening you will receive your results, highlighting any values outside the normal range. You can send your results to your physician or take a copy with you on your next doctor's office visit. This may save you money and keep you from duplicating tests.

Screening components include:

- Lipid profile: total cholesterol, LDL, HDL and triglycerides
- Chemistry profile: Blood Urea Nitrogen (BUN) and creatinine, glucose, electrolytes, chloride and bicarbonate
- Hemogram: Red and white blood cell count, hemoglobin and hematocrit
- Blood pressure, height and weight

Registration

You can register for this screening by emailing the following information to ericwpatch@gmail.com with Darlington regional screening as the subject line.
