Subject: Oppenheimer Equity Fund Replacement

Background

As of June 30, 2013, Oppenheimer Equity (Large Blend) had been on the Watch List for at least 8 consecutive quarters within the MetLife plan. Oppenheimer represents \$1.7 million, or 1.5% of Plan assets. MetLife provided Summit with eleven replacement candidates. Summit utilized the following criteria to evaluate the replacement fund candidates:

- Style consistency relative to the asset class mandate;
- Strong qualitative metrics such as stable firm structure, low professional turnover, and a disciplined investment philosophy and process;
- Strong quantitative metrics such as excess performance, peer universe rank, standard deviation, beta, Sharpe and information ratios;
- Fee is less than or equal to the existing fund's net expense ratio and competitive relative to peers; and
- Compliance with existing IPS guidelines.

Based on the information above, Summit narrowed the list to three candidates and believes the JPMorgan Disciplined Equity (JDEAX.lw) fund is the most compelling replacement option.

Based on Summit’s proprietary fund monitor, all three candidates exceed expectations across the four performance metrics outlined below. Note that the ING strategy began in mid-2008, and as a result, the fund’s Consistency of Excess Return and Average Percentile Ranking is based on 9 observations versus 20 observations for the other managers.

SCORP Fund Monitor

In the table below, the Disciplined Equity fund has demonstrated the most consistency of outperformance and peers rank and would not have appeared on the watch list at any time over the previous 10 quarters. As mentioned above, ING recently acquired a 5-year track record. As a result, Summit did not have sufficient data to complete the historical fund monitor performance back-test.

Board of Directors Continuing Education Policy
[DRAFT Policy recommended by FAAC on 10/1/13]

The Public Employee Benefit Authority Board of Directors recognizes its fiduciary responsibility to remain aware of significant current events impacting the retirement and insurance programs administered by PEBA and to be well-informed and educated on topics related to those programs, including best practices for the programs. Accordingly, the purpose of this policy is to promote high professional standards of trusteeship by the Board of Directors and to assure the participants of PEBA's retirement and insurance plans of the Board's continuing professional competence, consistent with prevailing industry standards.

1. As nearly as practical, members of the Board of Directors shall participate in no less than eighteen (18) hours of qualifying educational training programs or conferences every two fiscal years. The annual PEBA Board retreat will include a minimum of six (6) hours of such qualifying educational credit. Other qualifying educational credit shall be approved at the discretion of the Chairman of the Board of Directors. By way of illustration, the additional educational credit that may be approved by the Chairman may include, but is not limited to: attendance at educational training programs and conferences offered by organizations related to governmental retirement and insurance plans; attendance at training sessions provided by PEBA staff, consultants, and affiliates; and participation in professional continuing educational programs related to the member's qualifications to serve on the Board. Qualifying participation in educational training programs and conferences may include both in-person attendance at educational programs as well as participation in programs by electronic means, such as viewing webinars or completing on-line training modules.
2. At the discretion of the Chairman of the Board, a Board member may be reimbursed for reasonable registration fees and travel expenses related to the member's attendance and or participation in an educational training program or conference that is pertinent to the retirement and insurance plans administered by PEBA. If approved by the Chairman, registration fees for these educational programs or conferences and associated travel expenses will be paid by PEBA in accordance with the Board's travel policy and applicable state laws and regulations in effect at the time of travel.
3. Board members should promptly report all qualifying educational training to the Chairman, and records of each member's qualifying educational credit will be included in the regular reports of the members' attendance to their appointing authorities. However, if a member has failed to participate in the required amount of qualifying educational credit within two fiscal years, the member will be allowed forty-five (45) days to obtain the necessary credit before any deficiency in the member's educational credit is reported to the member's appointing authority.
4. The terms of this policy may be suspended or modified at the discretion of the Chairman of the Board, owing to the non-availability of funding or other limitations.

Open Enrollment is Here!

Now is the time to review your insurance coverage and decide whether the plan in which you are enrolled best suits your needs. If you would like to make changes, Oct. 1-31, 2013, is the time to do it.

During October, eligible subscribers may enroll in or drop their own health coverage and add or drop eligible dependents without a special eligibility situation. You may also change your dental coverage for 2014. For details on your health insurance options for 2014, see the [Insurance Advantage](#) newsletter, which you should have received from your benefits administrator. (A version just for retiree, COBRA and survivor subscribers was mailed to their homes.). Both versions of the newsletter are also on the PEBA Insurance Benefits website, www.eip.sc.gov, under "Publications."

All changes you make during open enrollment will go into effect Jan. 1, 2014.

Make Your Changes Online With MyBenefits

During open enrollment, subscribers can change their coverage anywhere, anytime they have Internet access with [MyBenefits](#), PEBA Insurance Benefits' online enrollment system.

To log into MyBenefits, visit PEBA Insurance Benefits' website, www.eip.sc.gov, and select "MyBenefits" from the menu on the left of the home page. First-time users must register before they can access their benefits information.

Tips for Using MyBenefits

- Check with your benefits administrator if you find you do not have access to [MyBenefits](#).
 - When you register, be sure to print your registration information, which includes the answers to your four security questions. *This is the only time it will appear!*
- Complete your enrollment changes as soon as you can in October. This will give your benefits administrator time to correct any mistakes.
- If you change your mind about your coverage selections before open enrollment ends, contact your benefits administrator. **No changes can be made after 11:59 p.m. on Oct. 31, 2013.**
- If you are a new COBRA subscriber, you will not have access to [MyBenefits](#) until you have paid your initial COBRA premiums.

Can't Remember Your Password to MyBenefits?

If you can't remember your MyBenefits password, click on "Forgot/Reset Password" on the MyBenefits home page. You will be asked to answer one of the four security questions you chose when you set up your account. Answer the questions correctly, and you can change your password.

If you can't remember the answer to your security questions, on the third incorrect attempt, your account will be reset, and you will be given an opportunity to register again as a new user.

You can use MyBenefits to make open enrollment changes **Oct. 1-31**. You can also use MyBenefits throughout the year to change your address, check your benefits and change your beneficiaries.

If you need to change your beneficiary or contact information, be sure to make these changes **before** making your open enrollment changes.

Catamaran Will Become SHP's New Pharmacy Benefit Manager

Beginning Jan. 1, 2014, Catamaran will replace Express Scripts as the pharmacy benefit manager for the State Health Plan (SHP).

PEBA Insurance Benefits is working closely with Catamaran, the nation's fourth-largest pharmacy benefit manager, to make the transition as seamless as possible. Before the end of the year, SHP subscribers will receive information from Catamaran explaining how their pharmacy benefit works. More information about Catamaran will be in the December *PEBA Direct*.

Changes in BlueChoice for 2014

Beginning Jan. 1, 2014, BlueChoice HealthPlan HMO will no longer be a grandfathered health plan, and it will begin to cover preventive services mandated by the Affordable Care Act. Premiums will also increase significantly in 2014. Be sure to check the charts on the "Premiums" page of the PEBA Insurance Benefits website. We encourage you to carefully examine the health plan choices available to you for 2014 and make the choice that is best for you.

During open enrollment, October 1-31, 2013, you have the opportunity to change your health plan if you choose. Your options for health coverage for 2014 are:

- Remaining with BlueChoice (unless Medicare is the primary insurance for you or one of your covered dependents ~ in this situation, you **must** change to another health plan)
- State Health Plan—Savings Plan
- State Health Plan—Standard Plan.

If you wish to change your health plan, you may do so electronically through MyBenefits, PEBA Insurance Benefits' online enrollment system. Go to www.eip.sc.gov and select "MyBenefits" from the column on the left of the home page. Please see your benefits administrator to make your changes if you do not use MyBenefits. You must make all changes by Oct. 31, 2013, for your choices to become effective Jan. 1, 2014.

The next opportunity to change to another health plan will be the October 2014 enrollment period, for an effective date of Jan. 1, 2015.

Please note: BlueChoice will not offer the Quit for Life tobacco cessation program in 2014. BlueChoice's Away From Home Care program was discontinued June 30, 2013.

Take Us With You!

Just in time for open enrollment, PEBA Insurance Benefits is excited to announce a mobile version of its website. Optimized for smartphones, the mobile site is a quick resource for information about the programs and plans offered to you.

When you visit www.eip.sc.gov on your smartphone, you will be automatically directed to the mobile site.

From the mobile site's homepage, tap on the Insurance Benefits, Retirement Benefits or the Latest News button. A navigation bar on the left of your screen will make it easy to find what you need.

Now is the Time to Get a Flu Shot

Fever, fatigue, chills, headaches, congestion and body aches. That's the flu. In the U.S., more than 200,000 people a year are hospitalized with complications of the flu. Flu-related deaths have ranged from 3,000 to 49,000 a year.

Because it can take several weeks to build up immunity to the flu, October or November is the best time to get vaccinated. The federal [Centers for Disease Control and Prevention](#) (CDC) recommends that most people 6 months of age and older get a yearly flu vaccination. Shots range from \$15 to \$25. They are offered at doctors' offices, many network pharmacies and at some workplaces. To find a convenient place to get a flu shot, go to the [American Lung Association](#) website or the [S.C. Department of Health and Environmental Control](#) website.

Please be aware that there are some individuals who should not receive a flu shot. A member should always consult his health care provider before getting one. Information is also available from the [CDC](#).

The State Health Plan **Savings Plan** covers a yearly flu shot at the allowed amount. The shot may be received from a physician. The subscriber may also get it at a network pharmacy, which will file the claim for the vaccine through the member's prescription drug benefit. To file a claim for the administration of the shot, go to the PEBA Insurance Benefits website, www.eip.sc.gov, and select "Forms." The "Health Expenses Claim Form" is listed under "State Health Plan." Be sure to get a receipt for the shot from the pharmacy. If a member does not receive the shot from a network physician, he may be billed for the difference between the charge and the allowed amount for the vaccination.

The **Standard Plan** covers a yearly flu vaccination for covered dependents from age 6 months until they turn age 19. Covered children who do not get the flu shot during their well child care checkup may get it at their physician's office at another time. If the child gets the shot during a visit that is not a well child care checkup, the shot will be given at no charge, but the member will be billed for any other services that are provided. A covered child may also receive a flu shot at a county health department. However, the member will have to file a [Health Expenses Claim Form](#) for reimbursement.

BlueChoice HealthPlan HMO members may receive the shot from their primary care physician for a \$15 copayment for the office visit.

In addition to coverage for flu vaccines given at the primary care physician's office with the \$15 copayment, BlueChoice HealthPlan covers flu vaccines at 100 percent with no

Social Media Strategy – 2011 – Includes Launch

Goal

Increase the Retirement Systems’ impact in the social media sphere (increase share of voice), and effectively use social media to find our audience and begin a conversation.

Protocol

When possible, the Retirement Systems will work to utilize planned content dissemination as well as live interaction, ensuring that constant communication is developed.

Audience

Active members – members of all plans most likely use some form of social media.

Retirees – this group comprises one of the largest growing groups on Facebook

Beneficiaries – these individuals often first come into contact with the Retirement Systems at a difficult time in their lives, following the loss of a loved one. Information needs to be easily available and convenient for this group.

Policy makers – the majority of state and national lawmakers use Facebook or Twitter.

General public/taxpayers – look to social media and the Internet to learn more about their government. We will increase transparency by making more information easily available.

Media – this group dominates Twitter, where they search for information, sources and opinions. Facebook has recently launched an application exclusively for the media’s professional use.

Planned Approach

Objective	Example
Extend reach of existing messages online (member materials, videos, news, updates) by building relationships with relevant audiences including intermediaries, stakeholders and key influencers such as journalists and lawmakers.	<p>Tweet: Listen to what Jane Smith, a teacher in Richland 1 has to say about her plans for retirement – www.bitlylink.com</p> <p>Facebook post: Jane Smith, a geometry teacher at Blythewood High School says she is looking forward to her retirement next year. Monitor the conversation regarding our organization.	Twitter will be a helpful tool for the Communications and Education unit to monitor the conversation. It is would also serve as an asset to the Director and Deputy Directors as they work with lawmakers and the media.

Guidelines

The Communications and Education unit will act in accordance the Budget and Control Board's social media policy when formulating and posting information. In order to properly document all items in accordance with FOIA requirements, a separate account will be set up under a retirement email address to which all of the Communications and Education team will have access. By doing so, no official accounts will be intermingled with an employee's personal accounts.

Below are specific considerations which will be taken into account for each platform:

Facebook

- General wall comments will be disabled; however due to an internal technical problem at Facebook, fan pages are unable to block users from commenting on our own information posts.
- "Fanning" other organizations will be kept to a strict minimum so as not to show any political support.
- Messages to the fan page will be answered via Facebook with all conversations preserved in the email account.

Twitter

- When launching the site, staff will proactively "follow" media outlets, reporters, lawmakers and state agencies. Special consideration will be given to the balancing of follows.
- In order to ensure a continual and frequent message, staff will schedule tweets to deploy for a consecutive month at a time.

**South Carolina Public Employee Benefit Authority
Social Media Strategy – 2012-2013**

Goals

- Introduce the newly created and branded South Carolina Public Employee Benefit Authority (PEBA) to all audiences to include who, what, when, where, why and how.
- Integrate content for the state’s employee insurance programs into the former Retirement Systems social media pages.
- Increase PEBA’s effective use of social media to include increased reach (more likes and followers) and engagement with our audience (two-way conversation).

Protocol

When possible, PEBA will work to utilize planned content dissemination as well as live interaction, ensuring that constant communication is developed and maintained. Staff uses the basic Hootsuite platform (free) to schedule the agency’s social media posts and to monitor activity on the agency’s multiple social media sites simultaneously.

Audience

Active retirement plan members and insurance program subscribers – this group most likely uses some form of social media.

Retirement plan and insurance program retirees – this group comprises one of the largest growing groups on Facebook.

Retirement members’ beneficiaries and insurance program survivor and COBRA subscribers – these individuals often first come into contact with PEBA at a difficult time in their lives, following the loss of a loved one or termination from employment. Information needs to be easily available and convenient for this group.

Public policy makers – the majority of state and national lawmakers use Facebook or Twitter.

General public/taxpayers – look to social media and the Internet to learn more about their government. We will increase transparency by making more information easily available.

Mainstream and alternative media – these groups dominate Twitter, where they search for information, sources and opinions. Facebook has recently launched an application exclusively for the media’s professional use.

Planned Approach

Objective	Example
Extend reach of existing messages online (member materials, videos, news, updates) by building relationships with relevant audiences including intermediaries, stakeholders and key influencers such as journalists and lawmakers.	<p>Tweet: Listen to what Jane Smith, a teacher in Richland 1 has to say about her plans for retirement – www.bitlylink.com</p> <p>Facebook post: Jane Smith, a geometry teacher at Blythewood High School says she is looking forward to her retirement next year. Learn more about her plans – www.bitlylink.com.</p>
Provide an informal, ‘human’ voice of the organization to promote comprehension of and engagement with our message.	<p>Tweet: I had a great time speaking with employees close to retirement today at our seminar in Aiken ^George</p> <p>Facebook post: I had a great time speaking</p>

	with a group of teachers in Aiken County today who are nearing retirement. They had some of the best questions I have ever been asked! ^George, PEBA Field Services
Educate our key audiences on pertinent issues, news, reports and updates to PEBA's programs, plans, and services.	<p>Tweet: Open enrollment for subscribers covered under a health insurance plan administered by PEBA is 10/1-10/31/13. Go to: http://www.eip.sc.gov</p> <p>Facebook post: Open enrollment for members covered under a health insurance plan administered by PEBA begins today and ends October 31, 2013. For information on the changes you can make during the open enrollment period, click here: www.eip.sc.gov.</p>
Update retirement plan members and insurance program subscribers of important deadlines, educational seminars and other pertinent information.	<p>Tweet: Effective January 2, 2013, the cost to purchase retirement service credit will change. For more info, visit: http://bit.ly/pbiCJA</p> <p>Facebook post: Did you know that effective January 2, 2013, the cost to purchase retirement service credit will be actuarially neutral and based on your age and years of service credit at the time your request is received by the South Carolina Public Employee Benefit Authority (PEBA)? For more information on the types of service you can purchase, current costs, and eligibility criteria, please visit: http://bit.ly/pbiCJA.</p>
Monitor the conversation regarding our organization.	Twitter allows the Communications unit to monitor conversation about the agency.

Guidelines

The Communications unit will act in accordance PEBA's social media policy when formulating and posting information. A separate email account is used to properly document all items in accordance with FOIA requirements.

Below are specific considerations which will be taken into account for each platform:

Facebook

- General wall comments were enabled in mid-2011 to allow for more interaction and engagement our Facebook fans.
- "Liking" other organizations is limited to our peer groups and South Carolina state agencies.
- Messages to the Facebook page will be answered via Facebook with all conversations preserved within the Facebook archives.

Twitter

- Staff "follow" media outlets, reporters, lawmakers and state agencies. Special consideration is given to the balancing of follows.

- Staff plan and schedule Twitter posts to coincide with Facebook posts.

Candidates Qualify for Board Election

The nomination period for the LASERS Board of Trustees Election has closed. Four open seats must be filled by active members and one by a LASERS retiree. Elections were held four years ago and they are filling an unexpired portion of a term.

One candidate, Judge William Klumpner, qualified to fill the remaining two seats of a vacancy for an active member. His unexpired candidacy eliminates the need for an election for the two-year term.

The names of candidates are listed on page 10 in bold under: To review their qualifications and photos, visit the ELECTION website: www.lasersretirement.com and click on the Board of Trustees 2013 Election button on the right side of the page.

Now about your term issue: When these nominations close, the list of 13 members are chosen by the LASERS active membership. These are chosen by our members. Four seats are up for election. These seats are reserved for the State Treasurer, the Chair of the Finance Committee on Retirement, the Chair of the Finance Committee on Retirement, and the Commissioner of Administration.

LASERS members will cast their votes for candidates between September 27, 2013 and October 25, 2013 via the Internet, telephone, or by mail. The election results will be certified to the Board and published in November.

Election packets, including information about the voting process and candidates, will be mailed to LASERS members in September. For additional information, check the LASERS website.

Tommy Jean Elliott Question: I did some substitute teaching in 96, 97, & 98 after I retired in 1996, how much subbing do you have to do to count toward service?

Teacher Retirement System of Texas Hello, Thank you for your question. When a retired TRS member works as a substitute, or any form of employment after retirement, they do not earn service credit. Please let us know if we can help with any other information you might need.

Texas A&M Vet students are asking for your vote on a name for this adorable miniature calf. If you think her name should be "Cutest Calf Ever", like this post!

Check out this precious miniature Hereford calf who visited our Large Animal Hospital for a wellness check-up! Since she was born a little premature, her family does not have a name for her just yet. We're asking for any suggestions you may have!
