#### Reason for termination

Check appropriate block for termination reason. If employee is transferring to another participating employer, give name of employer and group number.

#### **Dates**

Enter these dates:

- The *Date of last attendance* is the date the employee was present for work (either in the office or working remotely). This date is only needed for death terminations.
- The Date of termination from employment is the date the employee is formally terminated from employment. The employee is no longer earning wages; however, a final paycheck may be issued at a later date.
- The Last day of earned compensation is the last day the employee earned compensation. It must be the same as or prior to the employee's date of termination from employment. It cannot be later than the date of termination from employment.
- The *Date of final paycheck* is the date of the employee's last paycheck. This will be an optional field.
- The *Date of termination* is the date that benefits will terminate.

PEBA will use the *Date of termination from employment* to calculate the date to terminate coverage.
