A Quick Guide to Your Supplemental Benefits Plan

General Information

Effective January 1, 2006, the South Carolina Public Employee Benefit Authority (PEBA) assumed administration of the South Carolina National Guard Retirement System (SCNG Plan), a defined benefit pension plan established to provide supplemental benefits to National Guard members who served in South Carolina. While the SCNG Plan was previously closed to new entrants as of July 1, 1993, legislation reopened the system effective January 1, 2007, to any new entrants since June 30, 1993.

As a National Guard member, you are considered a federal employee; therefore, the pension benefit that the state provides through the SCNG Plan is intended only to supplement the retirement benefit you receive or will receive from the federal government.

SCNG Plan Membership

There are three categories of SCNG Plan membership:

- Active members are those who have not yet been discharged from the National Guard.
- Deferred vested members

are those who have been discharged from the National Guard but have not yet reached age 60.

- Retired members are those who have been discharged from the National Guard and are at least 60 years old.

Benefit Eligibility

To qualify for an SCNG Plan benefit, you must:

- Be separated from service with an honorable discharge;
- Be at least 60 years of age; and
- Have at least 20 years total creditable military service.

At least 15 of your 20 years must be from service in the South Carolina National Guard, and additionally, the last 10 years must also be from service in the South Carolina National Guard.

Determining Your SCNG Plan Service Credit

Your years of service credit are determined by the State Adjutant General's Office based on the military point system. Service is granted on a strictly chronological basis. For example, if you began service

on May 30, 1982, your service credit also began on that date.

State law does not provide for the prorating of SCNG Plan service credit; therefore, if you have less than a full year of service you receive no retirement credit for the partial year and your total service is rounded down to the next whole year to determine your SCNG Plan benefit. For example, if you have 21 years and six months of qualifying National Guard service, you would receive 21 years of SCNG Plan service credit.

Your SCNG Plan Benefit

If you have 20 years of creditable service upon your discharge from the military and you meet the South Carolina National Guard service requirements mentioned above, you qualify for a \$50 monthly benefit. The amount of the monthly benefit is increased by \$5 for each additional year of creditable service you have beyond 20 years up to a maximum benefit of \$100 per month.

Your SCNG Plan benefit is taxable for federal income tax purposes, but is exempt from the South Carolina income tax.

Your monthly benefit is payable for your lifetime. Upon your death, no continuing survivor payment will be made to any beneficiaries or to your estate. However, if upon your death your benefit for the month in which you die has not yet been paid to you, the final monthly benefit will be issued to your estate.

Applying for Your SCNG Plan Benefit

When you leave National Guard service, you should have an opportunity to meet with a representative from the State Adjutant General's Office to determine all military benefits for which you are eligible, including federal benefits.

If you are eligible for supplemental benefits from SCNG Plan, the State Adjutant General's Office will forward the required paperwork verifying your eligibility to PEBA Retirement Benefits. You must complete a retirement application with PEBA Retirement Benefits before your supplemental benefits will begin.
