Welcome

There are certain times throughout the year when you may enroll in insurance coverage or make changes to your coverage. Review this summary to plan the 2024 health coverage and additional benefits that are best for you and your family.

Eligibility

Eligible employees generally are those who:

• Work full-time for and receive compensation from a state agency, a public higher education institution, a public school district, a participating public charter school or a participating optional employer, such as a participating county or municipal government; and
• Are hired into an insurance-eligible position.

Generally, an employee must work at least an average of 30 hours per week to be considered employed full time and eligible to participate in the insurance program.

New hires

Your employer will initiate the enrollment process. You will need to provide a valid email address to your employer, then make your elections online by following the instructions in the email you receive from PEBA. For more details about the enrollment process, view the Insurance Enrollment Guide for New Hires flyer.

From the date you become eligible, you have 31 days to enroll in your health insurance and other available insurance benefits.

Choose your benefits

Open Enrollment 2023

Open enrollment is October 1-31, 2023. During open enrollment, eligible employees may change their coverage for the upcoming year. Review your current coverage in MyBenefits (mybenefits.sc.gov). If you are satisfied with your current elections, the only thing you need to do is re-enroll in MoneyPlus flexible spending accounts. All open enrollment changes take effect January 1, 2024.

Follow these steps to learn about open enrollment and make changes:

1. Visit the open enrollment webpage, peba.sc.gov/oe, to learn about the changes you can make.
2. Download your open enrollment worksheet at peba.sc.gov/oe to plan your coverage for 2024.
3. Log in to MyBenefits (mybenefits.sc.gov) to review your coverage and make changes during open enrollment, if necessary.
Your health plan options

Your insurance needs are as unique as you are. You may meet your deductible each year, or maybe you can’t remember the last time you saw a doctor. No matter your situation, the State Health Plan gives you two options to cover your expenses: the Standard Plan or the Savings Plan.

The Standard Plan has higher premiums and lower deductibles. The Savings Plan has lower premiums and higher deductibles. Compare the two plans on Page 5.

The TRICARE Supplement Plan provides secondary coverage to TRICARE members of the military community who are not eligible for Medicare. For eligible employees, it provides an alternative to the State Health Plan. Learn more about the plans at peba.sc.gov/health.

Tobacco-use premium

If you are a State Health Plan subscriber with single coverage, and you use tobacco or e-cigarettes, you will pay an additional $40 monthly premium. If you have employee/spouse, employee/children or full family coverage, and you or anyone you cover uses tobacco or e-cigarettes, the additional monthly premium will be $60. The premium is automatic for all State Health Plan subscribers unless the subscriber certifies no one they cover uses tobacco or e-cigarettes, or covered individuals who use tobacco or e-cigarettes have completed the Quit for Life® tobacco cessation program. The tobacco-use premium does not apply to TRICARE Supplement Plan subscribers.

1If more than one family member is covered, no family member will receive benefits, other than preventive benefits, until the $8,000 annual family deductible is met.
2Out of network, you will pay 40% coinsurance, and your coinsurance maximum is different. An out-of-network provider may bill you more than the State Health Plan’s allowed amount. Learn more about out-of-network benefits at peba.sc.gov/health.
3The $15 copayment is waived for routine mammograms, adult well visits, well woman visits and well child visits. Standard Plan members who receive in-person care at a BlueCross-affiliated patient-centered medical home (PCMH) provider will not be charged the $15 copayment for a physician’s office visit. After Standard Plan and Savings Plan members meet their deductible, they will pay 10% coinsurance, rather than 20%, for care at a PCMH.
4The $115 copayment for outpatient facility services is waived for dialysis services, partial hospitalizations, intensive outpatient services, electroconvulsive therapy and psychiatric medication management.
5The $193 copayment for emergency care is waived if admitted.
6Inpatient hospitalization requires prior authorization for the State Health Plan to provide coverage. Not calling for prior authorization may lead to a $515 penalty.
7Prescription drugs are not covered at out-of-network pharmacies. Specialty medications are limited to a 30-day supply per fill.
8You will pay a lower copayment for a 90-day supply of prescription drugs at your local network pharmacy that participates in the Smart90 Network than if you purchased the medication one month at a time.
Your dental plan options

New hires have two options for dental coverage. Dental Plus pays more and has higher premiums and lower out-of-pocket costs. Basic Dental pays less and has lower premiums and higher out-of-pocket costs. Changes to existing dental coverage can be made only during open enrollment in odd-numbered years. Learn more about the plans at peba.sc.gov/dental.

### Dental Plus
Dental Plus has higher allowed amounts, which are the maximum amounts allowed by the plan for a covered service. Network providers cannot charge you for the difference in their cost and the allowed amount.

### Basic Dental
Basic Dental has lower allowed amounts, which are the maximum amounts allowed by the plan for a covered service. There is no network for Basic Dental; therefore, providers can charge you for the difference in their cost and the allowed amount.

**Your vision coverage**

Good vision is crucial for work and play. It is also a significant part of your health. An annual eye exam can help detect serious illnesses. You can have an exam once a year and get either frames/lenses or contacts. Learn more about your vision coverage at [peba.sc.gov/vision](http://peba.sc.gov/vision).

Your MoneyPlus elections

Are you leaving money on the table? MoneyPlus is a tax-favored accounts program that allows you to save money on eligible medical and dependent care costs. You fund the accounts with money deducted pretax from your paycheck. Learn more about your MoneyPlus options at peba.sc.gov/moneyplus.¹

**Pretax Premium Feature**

This feature allows you to pay insurance premiums before taxes for health (including the tobacco-use premium), vision, dental and up to $50,000 of Optional Life coverage. You do not need to re-enroll each year.

**Medical Spending Account**

Your Standard Plan works great with a Medical Spending Account (MSA). Use your MSA to pay for eligible medical expenses, including copayments and coinsurance. As you have eligible expenses, you can use a debit card for your account or submit claims for reimbursement. You can carry over into 2025 up to $640 in unused funds from your account. You forfeit funds over $640 left in your account after the reimbursement deadline. You must re-enroll each year.

**Limited-use Medical Spending Account**

If you have a Health Savings Account (see Page 14), you can also use a Limited-use Medical Spending Account to pay for those expenses the Savings Plan does not cover, like dental and vision care. You can carry over into 2025 up to $640 in unused funds from your account. You forfeit funds over $640 left in your account after the reimbursement deadline. You must re-enroll each year.

**Dependent Care Spending Account**

You can use a Dependent Care Spending Account (DCSA) to pay for day care and other allowed costs for qualifying individuals so you and your spouse, if applicable, can work or look for work. Qualifying individuals are children younger than age 13 or a tax dependent of any age who is mentally or physically incapable of self-care. It cannot be used to pay for dependent medical care. You submit claims for reimbursement as you have eligible expenses. The funds can be used for expenses incurred January 1, 2024, through March 15, 2025. You forfeit funds left in your account after the reimbursement deadline. You must re-enroll each year.

¹Contributions made before taxes lower your taxable earned income. The lower your earned income, the higher the earned income tax credit. See IRS Publication 596 or talk to a tax professional for more information.

MoneyPlus worksheet

Use the worksheet below to calculate the amount you want to contribute to an MSA or a DCSA. Be sure to include the amounts you listed on Pages 4, 6 and 8 in the worksheet. Be conservative in your planning. Remember that any unclaimed funds cannot be returned to you. You can, however, carry over up to $640 of unused MSA funds into the 2025 plan year. You cannot carry over DCSA funds, and you cannot transfer funds between flexible spending accounts. Refer to Page 12 for annual contribution limits.

Benefits of an HSA

An HSA is essential to help you prepare for your health expenses.

- **Carry over all funds from one year to the next.** You don’t have to spend the funds in the year you deposit them.
- **Keep your account.** The money in your account belongs to you. If you leave your job or retire, you can take the account with you and continue to use it for qualified expenses.
- **There’s no limit to how much you can save.** While there is an annual contribution limit, there’s no limit to how much you can accumulate in your account.
- **Invest your savings.** You can invest your funds once your account balance reaches $1,000 to earn investment income tax-free.
- **Make payments online.** Use the Online Bill Pay feature to pay your medical bills or reimburse yourself.
- **Pay for eligible healthcare items with your debit card.** Use your HSA debit card for transactions in-store, online or at your doctor.

**Limited-use Medical Spending Account**

If you have an HSA, you can enroll in a Limited-use Medical Spending Account to pay for dental and vision care expenses. Doing so allows you to save your HSA funds for future medical expenses. Learn more on Page 11.

Coordination of benefits
All State Health Plan and dental plan benefits are subject to coordination of benefits, a process that is used to make sure a person covered by more than one insurance plan will not be reimbursed more than once for the same expenses. With coordination of benefits, the primary plan pays first. The secondary plan pays after the primary plan. To ensure benefits are paid correctly, members must complete a coordination of benefits questionnaire every year. BlueCross will not process or pay claims until it receives your information. Log in to your My Health Toolkit account to update this information.
Don’t pay more than you should

Be a smart health care consumer. Look at your Explanation of Benefits (EOB) after you receive services and compare your provider's bill to the amount listed on your EOB.

What’s an EOB?

This is a report that’s created whenever the health and dental plans process a claim. An EOB shows you:

- How much your provider charged for services.
- How much the Plan paid.
- The amount you will be responsible for, such as your copayment, deductible and coinsurance.
- The total amount you may owe the provider (does not include any amount you’ve already paid).

1. **Summary info**

   This is a view of the status of your claim and the amount you may owe or have already paid to providers.

2. **Detailed info**

   Here you’ll see the provider’s name, the service date and the claim number. You’ll also find the total charge for the claim from the provider and the amount covered by the Plan.

Go green!

View your EOBs on the My Health Toolkit app. Plus, you can choose paperless notifications, and we’ll email you whenever a new EOB is ready to view.

1. Log in to your account via the mobile app.
2. Select the **My Profile** link under the menu.
3. Select **Contact Preferences**.
4. Set your preferences to email, text or both.

- Urinary tract infections.

Blue CareOnDemand Search for Blue CareOnDemand in your app store. You can see a doctor who can diagnose your symptoms and call in a prescription to your local pharmacy, if needed.

- Major injuries, such as broken bones or head trauma.
- Severe allergic reactions.
- Signs of a heart attack, such as chest pain that lasts more than two minutes.

Avoid costs by getting the green light for your care

Helpful terms

Insurance lingo can be confusing. But, it’s important to understand your benefits and how they work. Here are some terms you might need to know.

**Allowed amount**
The maximum amount you may pay a network provider for a covered service. Network providers have agreed to accept the Plan’s negotiated rates as their total fee.

**Benefits**
The items or services covered by your insurance plan.

**Claim**
A request for payment that you or your provider submits after you receive services.

**Coinsurance**
This is a percentage of the cost of health care you pay after you meet your deductible. For example, say the State Health Plan’s allowed amount for an office visit is $115 and the member has met their deductible. After a Standard Plan member pays the $15 copayment, their coinsurance payment of 20% would be $20. The health plan pays the rest of the allowed amount, or $80.

**Coinsurance maximum**
The amount of coinsurance you are required to pay each year before you are no longer required to pay coinsurance.

**Copayment**
The fixed amount you pay for a covered health care service or drug. Standard Plan members pay prescription drug copayments and copayments for office visits, emergency care and outpatient facility services. Savings Plan members do not pay copayments. Standard Plan members will continue to pay copayments even after meeting their deductible.

**Coverage review**
A blanket term for the different types of processes the Plan uses to ensure the safe and effective use of prescription drugs and encourage the use of lower-cost alternatives when possible.

**Deductible**
The amount you pay for covered services before your health plan begins to pay.

**Dependent**
An eligible child or spouse covered by your health plan.

**National Preferred Formulary**
The formulary, or list of preferred drugs, used by Express Scripts.

**Negotiated rate**
The maximum amount you may pay a network provider for a covered service. Network providers have agreed to accept the Plan’s negotiated rates as their total fee. The negotiated rate is the same as the allowed amount.

**Network**
A group of facilities, providers and suppliers under contract to provide care for people covered by a health, dental or vision plan.

**Out-of-pocket costs**
These are your costs for expenses that aren’t reimbursed by insurance. Out-of-pocket costs include deductibles, coinsurance and copayments for covered services, plus all costs for services that aren’t covered.

**Prior authorization**
A decision that a service, prescription drug or piece of equipment is medically necessary. Certain services and medications require prior authorization before you receive them, except in an emergency. You may also hear this referred to as precertification or preauthorization.

**Premium**
The amount you pay for insurance coverage.

**Provider**
This can refer to the medical professional who delivers care or the location where you receive health care services.

Grandfathered notice

The S.C. Public Employee Benefit Authority believes the State Health Plan is a “grandfathered health plan” under the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means your plan may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the plan administrator at 803.737.6800 or 888.260.9430.
