Ms. Peggy Boykin, Executive Director, introduced Mr. Joseph Newton and Mr. Danny White from Gabriel Roeder Smith & Company (GRS), to present the 2015 Other Post Employment Benefits (OPEB) and the 2016 Retirement Valuations.

Mr. Newton presented the 2015 OPEB Valuations and reviewed the current plan benefit and funding policy. Mr. Newton also discussed the impact of Governmental Accounting Standards Board (GASB) 74 and 75, which requires all participating employers to recognize a share of the unfunded actuarial accrued liability (UAAL) of OPEB effective for fiscal year 2018. PEBA will implement the new OPEB standard for the plan effective fiscal year 2017. Mr. Newton concluded his presentation by reviewing the historical and expected employer surcharge based on the current funding status.

Mr. Steve Heisler, made a motion, which was seconded by Mr. Steve Matthews, and passed unanimously, to accept the 2015 OPEB Valuations as presented for information.

Mr. White, Senior Consultant, presented the 2016 Retirement Systems Actuarial Valuations. It was noted that the actuarial assumptions adopted by the Board and approved by the State Fiscal Accountability Authority (SFAN), have been incorporated in the 2016 valuations, and the investment return assumption remains unchanged at 7.50 percent.

Mr. White reported that the investment return for fiscal year 2016 was -0.47 percent. Mr. White discussed the summary results of the 2016 valuation for the South Carolina Retirement System (SCRS), and the Police Officers Retirement System (PORS), and pointed out that the UAAL for SCRS increased from $16,753 billion in 2015 to $18,566 billion in 2016, which is a $1.8 billion increase. Mr. White reported that $500 million is attributed to the assumption changes, $1.1 billion is the recognition of the deferred investment losses, and $200 million is due to negative amortization.

Mr. White reminded the Board that they approved an increase to the employer and employee contribution rates for SCRS to 11.56 percent and 8.66 percent respectively, and the employer and employee rates for PORS to 14.24 percent and 9.24 percent respectively, effective July 1, 2016.

Mr. White advised that employer and employee contribution rates for PORS must increase four basis points for fiscal year 2018, and employer and employee contribution rates for SCRS must increase by a minimum of 43 basis points for fiscal year 2018, to maintain a 30-year funding period. Mr. White suggested that the Board consider increasing contribution rates above the minimum required amount for both SCRS and PORS, and develop a long-term strategy to obtain a better financial position in a shorter period of time.

Mr. White also provided the Valuation results for the Judges and Solicitors Retirement System (JSRS); the General Assembly Retirement System (GARS); the South Carolina National Guard Retirement (SCNG) System; and the expected increase in contributions necessary for each system.

Mr. White reviewed the actuarial projected employer and employee contribution rates for SCRS and incorporated various return assumption scenarios.

Mr. David Tigges, made a motion, which was seconded by Mr. Steve Osborne, and passed unanimously, to receive as information the actuarial valuations of SCRS, PORS, JSRS, GARS, and the SCNG Plan as of July 1, 2016.
