- The formulary development process focuses first on clinical factors, with financial considerations coming into play only among clinically comparable products.
- When changes occur to the formulary, like exclusions and tier changes, Express Scripts notifies impacted members, their physicians and their pharmacists before the changes are implemented.
- Member communications include personalized letters with a list of alternative medications and direction on how to change their prescription.

Employer Group Health Report

- PEBA is committed to giving employers helpful information related to the State Health Plan.
- As part of that effort, we develop a customized annual report for each employer that provides a better understanding of the health of their active employees and their dependents at the group level.
- We encourage the executive team and benefits administrators to use the report to identify areas of opportunity to improve member health outcomes for their population.
- PEBA emailed the 2025 report last month.

- Member contribution rates will also *not* increase.
- The insurance surcharge¹ will decrease to 6.10%.
- Final rates will be published in *PEBA Update* and online at peba.sc.gov/contribution-rates.

 - Class One law enforcement officers who retired under PORS prior to January 1, 2023, and are employed as critical needs school resource officers.
 - SCRS and PORS retirees who had a period of at least 12 consecutive months after retirement during which the member did not work for any covered employer in any capacity.

¹ Not applicable to all employers. To confirm participation, employers not on the CG Office's payroll should view their deposit forms in EES.

Pension funding allocation credit

- The fiscal year 2026 budget also includes funding to offset a portion of the employer contribution rate that has been provided to most employers in SCRS and PORS in previous years.
- The credit invoice will be a one-time credit in the same amount as last year's credit.
- Employers can use this credit invoice for the quarterly deposit for the quarter ending September 30, 2025 (due to PEBA by October 31, 2025).
- A participating employer will not receive a credit that exceeds its employer contributions due.
- An employer cannot use the credit on a monthly deposit or for the quarter ending June 30, 2025, since the funds are allocated specifically for fiscal year 2026.
- The fiscal year 2026 credit amount is [available online by employer code](#).

- Newly hired employees of state agencies, public higher education institutions, public school districts and participating charter schools may choose participation in State ORP instead of SCRS within 30 days of their date of hire.
- If a member is employed by two covered employers at the same time, they must participate in the same plan (i.e., SCRS or State ORP) with both employers, except where a State ORP participant takes a second position with a covered employer that doesn't participate in State ORP.
