

## EES document upload feature

The EES document upload feature allows employers to submit some retirement- and employer-specific documents online. This eliminates the need to print and mail paper forms, which requires additional time for delivery and processing. The feature lets you upload documents in three categories: member documents, employer documents and supplements. To get started, select *Document Upload* on the home screen in EES. Below is a list of documents that can be uploaded.

### Member documents

**Requires SSN and last name of member**

#### Member Demographic:

- *Name/Address Change Form* (Form 1239) and applicable supporting documents
- SSN verification
