

Manage Your Retirement Account with Member Access

You can access your retirement account 24/7 with Member Access at online.retirement.sc.gov.

Review your service credit. Along with age, service credit determines whether you are eligible for retirement.

Create benefit estimates.¹ The estimates use your retirement account information, a potential average final compensation and a selected retirement date.

Manage service credit purchases. You can calculate an unofficial cost estimate to buy service credit. You can also submit a service purchase request.

Submit a service retirement application. Apply for retirement up to six months before your retirement date. You can also upload required documentation and view the status of your application.

Change your State Optional Retirement Program (State ORP) service provider, if applicable. Changes can be made during annual open enrollment, which occurs January 1 to March 1.

Update your contact information. This helps PEBA keep in touch with you now and in retirement. You can expect occasional emails about important issues or operational changes.

Review and update your beneficiary information.

- As a new hire, it's important to designate beneficiaries for your retirement account. Additionally, it's good practice to review and update your beneficiary information periodically, especially if you have had an important life event.
- Primary beneficiaries receive any retirement benefits payable upon your death.
- Contingent beneficiaries may receive benefits if you die before retirement and all your primary beneficiaries die before you.
- Incidental death benefit beneficiaries receive the incidental death benefit payable upon your death, if you were eligible.

Review your account balance. The balance does not affect the calculation of your monthly retirement benefit, but might be payable as a death benefit to your beneficiaries. The balance also reflects the amount payable if you terminate employment and take a refund of your contributions.

Inactive members can review their account balance and update their contact information. You are an inactive member if you are not working and contributing to your account and have not retired.

¹Estimates are not a guarantee of monthly benefits.
