

Save in Taxes with the Pretax Group Insurance Premium Feature

The Pretax Group Insurance Premium feature allows you to pay your State Health Plan premiums with money from your paycheck before taxes are withheld. You may also use your pretax income to pay premiums for Dental Plus, Basic Dental, the State Vision Plan, Optional Life insurance coverage up to \$50,000 and the TRICARE Supplement Plan. With the feature, you benefit from having less taxable income in each of your paychecks, which means more spendable income.

Everyone who pays health, dental, vision or Optional Life premiums can enroll in the Pretax Group Insurance Premium feature. However, you can decline it when you first enroll. If you decline the feature, you can enroll in it during open enrollment, which takes place in October, or within 31 days of a special eligibility situation.
